EXPENDITURES.

1884.		
March 26.	Paid Henry C. Ames, balance of school money for 1883,	\$6.93
	Benjamin Bickford, for repairing road in District No. 16,	8.12
	Benjamin Bickford, for breaking road in District No. 16,	12.49
April 14.	Shuah Sanborn, board of Minnie Foss,	10.00
	J. B. Sanborn, stationery, etc.,	6.90
	William T. Sanders, breaking road in March, 1884,	15.75
	D. M. Philbrick, breaking road in District No. 8,	15.29
	G. H. Rand, breaking road in District No. 5,	9.72
	Daniel Yeaton, school-house tax in District No. 2,	24.22
	Sarah E. Leighton, end. on note,	30.00
	Daniel G. Chesley, school committee,	32.00
	William P. Babb, breaking road in District No. 9,	18.71
	James Yeaton, breaking road in Districts Nos. 6, 7, 24,	28.16

April 14.	Paid Lucian Heath, for breaking roads in District No. 10,	\$3.25
	Walter L. Pickard, for breaking roads in District No. 13,	14.12
	Miss E. O. Sleeper, taking care of Mrs. Bennett,	16.68
	Frank A. Bickford, breaking roads in District No. 17 for 1882, 1883 and 1884,	8.00
	A. Wallace, labor on highway in District No. 1,	11.84
	Martha F. Robinson, taking care of Mrs. Bennett,	13.50
	H. O. Wells, breaking roads in District No. 18,	16.41
	J. Lawrence, sheep killed by dogs,	8.00
	William T. Sanders, sheep killed by dogs,	12.00
	M. D. Bickford, wood for W. C. Bennett,	10.00
	William Burnham, services as supervisor,	3.75
	Sarah E. Leighton, endorsed on note,	800.00
	S. T. Page, work on road in District No. 24,	12.00
	James Yeaton, school-house tax in District No. 5,	25.00
	Cyrus Marden, breaking roads in March,	7.50
	C. W. Tarleton, work on road in District No. 12,	15.75
	John S. Philbrick, work on range road,	49.85
	Robert C. Brown and others,	112.75
	Robert C. Brown, bridge plank,	8.78
	T. F. Kelley, work on road in District No. 9,	36.02
Oct.	William Goss, work on road in District No. 3,	9.36
	William Goss, public watering place, 1883,	3.00
	William Goss, damage to sheep by dogs,	3.00
	William Goss, milk for M. F. Robinson,	6.60
	George W. Ham, work on road in District No. 2,	37.00

Oct.	Paid Albion Locke, school-house tax, District No. 5,	\$250.00
	Albion Locke, labor on road, Dist. No. 7,	23.57
	W. L. Pickard, " " " 13,	24.50
	James Yeaton, " " " 6,	22.76

Reduction of debt during year,	\$3,366.52

We hereby certify that we have examined the accounts of the selectmen and treasurer of the town of Epsom for the year ending March 1st, 1885, and found them correctly cast and properly vouched.

JOHN H. DOLBEER, }
DANIEL G. CHESLEY, } Auditors.

Report of the Superintending School Committee.

Your committee begs leave to submit the following report of the condition of the schools in the town of Epsom :

GENERAL STATEMENTS.

The number of terms of school taught in town during the year is 20. The whole length of schools for the year is 164.8 weeks ; the average length of school to each district a fraction over 18 weeks.

The whole number of different scholars attending school in town during the year, is 176, viz. : boys, 96 ; girls, 80.

Money expended in each district in town :

District No. 1,	\$183.06
District No. 2,	\$115.58
District No. 3,	\$70.00
District No. 4,	\$161.36
District No. 5,	\$82.08
District No. 7,	\$87.88
District No. 8,	\$53.97
District No. 9,	\$101.25
District No. 10,	\$66.25
District No. 6 (Union),	\$45.06
District No. 11, “	\$41.58

During the year 176 scholars studied reading ; 174, spelling ; 106, penmanship ; 144, arithmetic ; 102, geography ; 62, grammar ; 19, history ; 12, composition ; 5, physiology ; 11, book-keeping ; 9, algebra ; 2, philosophy.

The number of children in town of each sex, by selectmen's enumeration in April, 1884, is : boys, 73 ; girls, 69.

DISTRICT NO. 1.

Joseph Lawrence, Prudential Committee.

Summer Term.—Whole number of scholars attending school, 26 ; average attendance, 24 ; length of school, 6.6 weeks ; wages of teacher, \$26, \$32 per month.

This term was commenced by Miss Minnie J. Veasie, of Deerfield. After teaching nearly three weeks she was obliged to give up her school on account of ill health, and Miss Mary A. Seavey, of this town, finished the term.

We were glad to see some improvement both in the order of the school and in the studies pursued. But as it takes scholars and teacher some little time to become familiar with each others' wants and ways, the interruption and change affected the interest and progress of the school very unfavorably.

Winter Term.—Whole number of scholars attending school, 35 ; average attendance, 31 ; length of school, 12.6 weeks ; wages of teacher, \$45.

Mr. F. D. Veasie, of Deerfield, taught this school. He has had many years of experience in this work, and he labored faithfully for the advancement of his pupils. The examination showed careful work and a good understanding of the different branches studied.

DISTRICT No. 2.

William Goss, Prudential Committee.

Summer Term.—Whole number of scholars attending school, 18 ; average attendance, 16 ; length of school, 7 weeks ; wages of teacher, \$24 per month.

Winter Term.—Whole number of scholars attending school, 19 ; average attendance, 14 ; length of school, 10 weeks ; wages of teacher, \$28 per month.

Both terms were taught by Mrs. Lizzie Warren, whose reputation as a teacher is too well known to need any comment. Good progress was made in this school during the year. Some of the classes showed marked improvement. One class in Colburn's arithmetic is especially worthy of mention. There was evidence of an earnest effort on the part of the teacher to inspire interest and enthusiasm among her scholars.

DISTRICT No. 3.

Calvin Dowst, Prudential Committee.

Summer Term.—Whole number of scholars attending school, 9 ; average attendance, 8 ; length of school, 7 weeks ; wages of teacher, \$17.50 per month.

Miss Stella R. Merrill taught this school. She preserved good order and labored hard for the good of her school. The examination was interesting and gave evidence of good work.

Winter Term.—Whole number of scholars attending school, 13 ; average attendance, 12 ; length of school, 10 weeks ; wages of teacher, \$19 per month.

This term opened well, with Miss Clara E. Dearborn, of Deerfield, teacher. Teacher and scholars were working in harmony at my first visit, and the prospect was a term of profit. Miss Dearborn being taken suddenly ill, the school closed without examination. If we are to judge from reports of both parents and scholars, the anticipations raised at the first of the term were fully realized.

DISTRICT NO. 4.

John Spurlin, Prudential Committee.

Summer Term.—Whole number of scholars attending school, 23 ; average attendance, 22 ; length of school, 8 weeks ; wages of teacher, \$28 per month.

This term was taught by Miss Ella Chesley. The people of this town have learned to expect a good school wherever Miss Chesley is installed as teacher, and the members of this district were in no wise disappointed in this respect. There was good feeling existing between teacher and scholars and an interest manifested at my first visit that continued throughout the term. The teacher aimed to be thorough in her instructions, and I was much gratified at the progress made.

Fall Term.—Whole number of scholars attending school, 26 ; average attendance, 24 ; length of school, 8 weeks ; wages of teacher, \$28 per month.

Miss Nellie J. Cate taught this school. I was notified neither of the commencement or close of the term. I made one visit during the session. The teacher was rather lax in point of order.

Winter Term.—Whole number of scholars attending school, 22 ; average attendance, 20 ; length of school, 4 weeks ; wages of teacher, \$38 per month.

This school was taught by Mr. C. W. Tarlton. Mr. Tarlton is a teacher of rare ability, and a strict disciplinarian. He has a large fund of general information, from which he draws incidents and illustrations, causing new interest in the subjects dealt with, and tending to enthuse even those who have little interest in their books. This term, though short, was one of profit. The advanced classes in mathematics, especially, gave evidence of a thorough understanding of the principles.

DISTRICT NO. 5.

Franklin Holt, Prudential Committee.

Summer Term.—Whole number of scholars attending school, 8 ; average attendance, 8 ; length of school, $7\frac{2}{3}$ weeks.

Fall Term.—Whole number of scholars attending school, 9 ; average attendance, 9 ; length of school, 8 weeks.

Winter Term.—Whole number of scholars attending school, 10 ; average attendance, 10 ; length of school, 7 weeks ; wages of teacher, \$20 per month each term.

Miss Carrie B. Tilton, of Deerfield, taught through the year. No school in town has made greater progress than this. The teacher has labored hard for the advancement of her scholars, and has seen her efforts crowned with a good degree of success. The improvement in the reading classes has been very marked. At the close of a very interesting examination the teacher was presented with a very handsome ring as a token of affection and appreciation of her scholars.

The district has, this year, built a very neat, comfortable and tasty school-house, in which the last two terms have been taught. The change was greatly enjoyed both by teacher and scholars.

DISTRICT NO. 6 (UNION).

This school is reported by the committee of Pittsfield.

DISTRICT NO. 7.

Charlie W. Babb, Prudential Committee.

Summer Term.—Whole number of scholars attending school, 18 ; average attendance, 15 ; length of school, 8 weeks ; wages of teacher, \$20 per month.

This school was under the very excellent instruction of Miss Vesta G. Fowler. Miss Fowler possesses genuine love for her work. The advancement made by her classes gave evidence of untiring faithfulness on the part of the teacher, and close application by the scholars.

Winter Term.—Whole number of scholars attending school, 22; average attendance, 17; length of school, 7 weeks; wages of teacher, \$22 per month.

Miss Lue H. Tennant, of Suncook, taught this school. Teacher and pupils worked harmoniously, the school was orderly, and made good improvement.

DISTRICT No. 8.

Benjamin Fowler, Prudential Committee.

Summer Term.—Whole number of scholars attending school, 8; average attendance, 8; length of school, 8 weeks; wages of teacher, \$12 per month.

Miss Sue H. Lane, of Chichester, teacher. This was Miss Lane's first attempt at teaching. She put forth her best efforts to interest and instruct those under her charge, and the result was a good school.

Winter Term.—Whole number of scholars attending school, 9; average attendance, 9; length of school, 12 weeks; wages of teacher, \$14 per month.

Taught by Miss Clarena L. Richardson, of Pembroke. The scholars in this district are very regular in their attendance, orderly in deportment, and studious. Miss Richardson is a faithful teacher, and her efforts were crowned with much success.

DISTRICT No. 9.

Charles F. Haynes, Prudential Committee.

Summer Term.—Whole number of scholars attending school, 14; average attendance, 13; length of school, 7 weeks

Miss Clarena L. Richardson had charge of this term. This school appeared well, and accomplished very satisfactory results. This school is the best classed of any in town.

Winter Term.—Whole number of scholars attending school, 15; average attendance, 14; length of school, 12 weeks; wages of teacher, \$20 per month each term.

Mrs. Clara C. Woodman was the teacher of this term. Mrs. Woodman seems to have a happy faculty of interesting the young, and was untiring in her efforts to instruct those under her care. There was a gratifying improvement in the order of the school. At the examination her school gave evidence of being well taught.

DISTRICT NO. 10.

Horace Leighton, Prudential Committee.

Summer Term.—Whole number of scholars attending school, 8 ; average attendance, 4 ; length of school, 6 weeks.

Winter Term.—Whole number of scholars attending school, 12 ; average attendance, 3 ; length of school, 9 weeks ; wages of teacher, \$4 per month each term.

Both terms were taught by Miss Jennie A. Thompson, of Deerfield. Miss Thompson was young in experience, this being her first school. The attendance was very irregular, and that lively zeal necessary to make a good school was lacking. Some scholars made fair advancement.

DISTRICT NO. 11 (UNION).

This school is reported by the committee of Chichester.

GENERAL REMARKS.

In some of our districts there is a tendency among some of the parents to unfavorable criticism. They quickly see the weak points, the failings, of the teacher, but we rarely or never hear them speak of their good qualities. This has a demoralizing influence on the scholars. We have been sorry to see a disposition, on the part of some scholars, to annoy, in many little petty ways, the teacher who is trying so hard to do them good.

If parents would see the highest results from the money raised for school purposes, they should interest themselves in the ways and means used for the benefit of their children, and heartily co-operate with the teacher in the effort made for their improvement.

They also should impress on the minds of their children the necessity of prompt obedience in the school-room. No scholar who has arrived at the years of understanding should require or expect the teacher to spend any time in governing him, but should

seek to be as gentlemanly and as ladylike as though visiting that teacher in her home.

Our teachers labor under a great disadvantage in most of our schools on account of the great number of classes in proportion to the number of scholars. When teachers think scholars would be benefitted by being differently classed, parents should lend their assistance, and give the weight of their approval. The idea of obliging our teachers to help scholars advance in their studies, when a large part of the ground already gone over is not thoroughly understood, is very disastrous to the true advancement of our children, and largely explains the superficiality of many who have had the best privileges of our schools.

There is great deficiency of globes and maps in our school-rooms, which ought to be supplied. District No. 4 is the only one reported to have a globe, and Districts Nos. 1 and 4, the only ones in town that have out-line maps.

We were glad to see so many of the parents at the final examinations. Hope the number will increase until each district will have a goodly representation at the closing exercises of its school. The encouragement your presence gives both teachers and scholars cannot be over-estimated.

Upon us, as parents and teachers, rests a great responsibility,—the proper training and education of the young, who will soon be called to discharge all the duties of society and the nation. We sadly fail to realize the importance of our great mission. When we see the many youthful faces in our prisons and reform schools, and the many in our midst who bear the marks of dissipation and sin, we have reason to tremble for our children.

Respectfully submitted,

MRS. S. C. G. AVERY, *S. S. Committee.*

Epsom, Feb. 26, 1885.

ROLL OF HONOR.
